INVESTIGATE MASSACRES OF STRIKE BREAKERS

21 TO 40 REPORT- ED KILLED NEAR MARION, ILLINOIS

Feeling Running High and Mine Operators Ordered by Officials Not to Make Further Attempts to Operate With Non-Union Labor

1,000 Troops Mobilized Today on Order of Governor Len Small, Held in Readiness to Move to Strike District if Further Rioting Occurs

By United Press

Marion, Ill., June 23.—A special investigation into the massacres of from 21 to 40 strike breakers here, will be made today.

As far as could be learned, no agency had as yet made a move to punish those guilty of attacking and murdering. Officials took the attitude that it would be impossible to obtain identification of any of the mob leaders due to the elusiveness of the attackers and impossibility of obtaining competent witnesses.

No date for the inquest has been set, and probably will be postponed until next week. Feeling was running high here today, and mine operators were ordered by officials not to make any further attempts to operate with non-union labor.

Feeling against C. A. McDowell, superintendent of the mine, who was the first slain, was still so bitter in Herrin that his body was removed to a morgue in a neighboring town in secrecy. Officials feared the strike sympathizers might make an effort to obtain the body and thus start a new outrage. It was believed that all except three or four of the 51 strike breakers who fell into the hands of the mob were either killed or injured. No members of the attackers could be found to tell the story of the events of the massacre. The word was passed on here that the strike breakers and guards were killed while marching to Herrin when they made an attempt to escape.

Colonel Samuel N. Hunter, who was representing the national guard on the ground, said today as far he knew no investigation into the killing was underway today, and that no arrests had been made. Colonel Hunter pointed out that the military authorities could do nothing to punish those who were guilty unless the district was under martial law.

Towns Quiet Today

Marion, Ill., June 23.—The southern Illinois mining towns were quiet today, following the massacres of at least 21 strike breakers. A few small groups have formed on the streets of Marion, Perrin, and other mining communities, from which the mob of 2,000 was formed, talked in hushed tones and usually in foreign tongues.

The strike sympathizers believe that the guilty will not be punished. They committed suicide or they attempted to escape, and were shot, were the two explanations given when a man was found who would talk. For the most part the striking miners returned to their homes. However, local papers failed to give the killing much display.

The number of bodies recovered was brought up to 21 today, 17 are in the morgue at Herrin, Ill., the others were taken to their homes. Although some reports reached Col. Samuel Hunter, representing the national guard here, placing the total dead list as high as 40, the officials are of the belief that most of the bodies have been recovered. "One or two more bodies may be found in the woods, but I believe most of those reported missing have escaped," officials said.

United Mine Workers Statement

Cincinnati, June 23.—"The United Mine Workers are not in any degree responsible for the unfortunate occurrence at Herrin, Ill., John L. Lewis, president of the United Mine Workers declared today in a formal statement issued here.

"The organization has never encouraged and does not condone lawlessness of any character. The officers of the organization are shocked and greatly deplore this tragedy.

"We are not unmindful of the fact," he said, "that sinister influences have for some time been at work among our members to incite and inflame a spirit of violence. The ranks of the strikers are infested with thousands of detectives and secret service operators who are employed by coal companies, depending on their ability to

provoke violence and disturb public tranquility.

"I have frequently called attention to this fact before investigating committees of congress, and have cited innumerable instances where outrages and murders have been committed by these irresponsible and lawless agents of the coal operators.

"It is not true, as alleged, that the telegram from me addressed to State Senator William J. Sneed had any bearing on or connection with the disturbance at Herrin. A reading of the telegram, which has already been promised, will conclusively show that it merely referred to the status of the steam shovel men's union, who were working in strip pit operations throughout the country.

Farrington Blames Lewis

Cincinnati, June 23.—Frank Farrington, president of the Illinois federation, left here early today for the Williamson county mine trouble zone.

Farrington indirectly blamed John L. Lewis, president of the United Mine Workers, for the trouble. He said it was "apparently" a telegram sent by Lewis that started the war. Farrington added a suggestion that he did not know as a fact that Lewis had sent a telegram to the strikers.

From other sources it was learned that a telegram was prepared, which not only referred to the imported workers as common strike breakers, but stated in some detail the reason that they should not be considered good union men. They claimed to belong to the steam shovel men's union, which was suspended from the American Federation of Labor, in March, 1919, for failure to amalgamate with the steam shovel men.

Statement by Attorney General of Illinois

Waukegon, Ill., June 23.—Lack of funds will prevent any state aid in investigation of the "bloody" Williamson county mine war, Attorney General Edward J. Brundage said today.

"The attorney general's office is the only one empowered to conduct investigation and prosecution, and local

SAMUEL GOMPERS AGAIN HEADS THE HOSTS OF LABOR

EFFORT OF RAIL WORKERS, MINERS, ETC., TO FORCE HIM OUT UNSUCCESSFUL

JAMES DUNCAN, GRANITE WORKERS HEAD, RE-ELECTED 1ST VICE PRESIDENT

(By United Press)
Cincinnati, June 23.—Samuel Gompers was re-elected president of the American Federation of Labor without opponents.

The effort of a coalition of railroad workers, miners and others to force Gompers out, collapsed early today, and no candidate for president was nominated. Gompers has held the office during the entire life of the federation with the exception of one year.

James Duncan, head of the granite workers, was re-elected as first vice president.

MINE TROUBLE IN WEST VIRGINIA

(By United Press)
Clarksburg, W. Va., June 23.—Two unidentified mine workers, believed foreigners, were shot to death today in an attack on a carload of deputy sheriffs, employers, and officers of the Hudson Coal company.

The men were killed when a mob of 150 strikers stormed the car which was en route to the Lewis plant at Reynoldsville, which resumed as an open shop four days ago.

James N. Deem, deputy sheriff, received a broken arm and a dozen others were hurt.

DANCING AND BRIDGE PLAYING BLACK LIST

(By United Press)
St. Paul, June 23.—Dancing and bridge playing were placed on the moral black list here today by S. B. Qvale, southwest prohibition director.

PLAN FLOOD CONTROL OF RED LAKE RIVER

ANNOUNCED BY STATE DRAINAGE
ENGINEERS IN ST. PAUL
TODAY

(By United Press)
St. Paul, June 23.—A plan for control of floods along the basin of the Red Lake River district and the Red Lakes district, was announced by the state drainage engineers today.

The plan has been worked out by Adolph F. Meyer, Minneapolis, consulting engineer for the drainage department, and E. V. Willard, commissioner.

The project calls for establishment of the high water level of the Red lakes at 1174 feet, which will be a lowering of 1½ feet over all lake stages which have prevailed heretofore. When the lake rises above the 1174 foot level, the water will be carried off by means of a dam and control works to be built 3400 feet below the lake outlet.

It is estimated that approximately 250,000 acres of agricultural land in the Red lake river basin west of the Red lakes, will be benefited by the control of flood, which will result from control of the lake and river level.

Widening and deepening of the channel of the Red Lake river for 45 miles below the Red lake outlet is part of the plan. Through this it is planned to have a channel the width of 60 feet and an average depth of 12 feet. At present most of the channel is two to four feet deep. It is estimated the cost of the project will be \$575,000.

The cost of the project will be assessed against agricultural lands and water power companies, and municipalities within the district to be benefited.

MOVE ON TO QUASH SOLDIER BONUS BILL

Washington, June 23.—A move to quash the soldier bonus, preventing any war veterans now receiving more than \$2,000 a year from receiving a government gratuity, was made in the senate today in an amendment proposed by Senator Williams, Mississippi democrat.

This, it is said, would prevent a large proportion of ex-service men from receiving a bonus.

WALTER HAGEN, OF DETROIT, WINNER BRITISH GOLF CUP

AMERICAN CAPTURES BRITISH
GOLF CHAMPIONSHIP IN FIELD
OF EIGHTY GOLFERS

HAD A CARD OF 300; JAS. BARNES
NEXT WITH 30; HUTCHIN-
SON WITH 302

(By United Press)
Sandwich, England, June 23.—Walter Hagen, of Detroit, won the British golf championship here today. Hagen had a card of 300, in which 80 golfers entered.

James Barnes, American open champion, with a stroke behind Hagen, had a card of 301.

Jock Hutchinson, third of the American "big three," was a stroke behind with 302.

Taylor, leading British professional, was fourth, a stroke behind, with 304. With a few scattered scores to come in, it seemed that the American golfers would stand one, two and three in the British championship this year.

LLOYD GEORGE AND OTHERS MARKED FOR ATTACK, CLAIM

LONDON POLICE DECLARE THEY
HAVE SECURED SENSATION-
AL DOCUMENTS

DISCLOSING CONSPIRACY TO KILL
PROMINENT PERSONS IN
ENGLAND

(By United Press.)

London, June 23.—Other prominent British officials, including Lloyd George, have been marked for attacks by Irish republicans troops, police reported today, following discoveries after the murder of Sir Henry Wilson, Ulster defense chief.

The London police have captured sensational documents disclosing a conspiracy to kill several prominent persons as well as plans for a campaign of outrages throughout England.

The inquest into Sir Henry Wilson's murder will be held Monday. The slayers of the field marshal were given a preliminary hearing in police court today, and were remanded for a week.

Three factors lead the police and military authorities to suspect that Wilson's death may have been only the first blow of a widespread murder plot against opponents of a republican Ireland.

1. A great quantity of ammunition and arms, including hand grenades and gelatin, were found in a house a stone's throw from where Sir Henry Wilson was shot down, was discovered.
2. Evidence of 16 men and one woman arrested for questioning last night.
3. Scores of witnesses to the shooting of Wilson who agree that several accomplices of the assassins were in the neighborhood attempting to divert the trace following the murder.

One of Assassins May Be American

London, June 23.—Investigation to determine if James O'Brien, one of the assassins of Field Marshal Sir Henry Wilson, is an American, started here today.

The police received information, unverified, that O'Brien is an American citizen.

A great round-up of Sinn Feiners suspects in London continued today. Seventeen captured last night who were to be released, were held at the last moment, and others are being sought.

LOW MEAT MAY RESULT, MAYBE

INVESTIGATION IS NOW BEING
MADE BY DEPARTMENT OF
AGRICULTURE

(By United Press.)

Washington, June 23.—Low meat prices may result from an investigation now being made by the department of agriculture in its enforcement of the law regulating the packers and stock yards.

Reports have been received that commission men in the packing houses and stockyards centers still are exacting war time profit. If this is found to be true, these men probably will be called on to answer profiteering charges.

So far the government has been quietly investigating prices in some of the stockyards, including Chicago, Omaha, Houston, St. Paul and Portland. Federal agents have learned enough to convince them that malpractices are prevalent in many stock exchange centers.

These overcharges by the commission merchants would work both ways, according to federal agents. They deprive the farmers of adequate profit to encourage stock raising, and they boost the price of meat all along the line of distribution to the consumer.

WHOLE STATE IS TALKING ABOUT CITY'S BIRTHDAY

Half a Hundred Years Marked in Progress of Brainerd and
Not One Serious Setback Has Been
Recorded

Tag Days Set for June 30 to July 1, When Everyone is Privileged to Donate and Purchase Buttons Bearing
Legend "I Have"

HOTTEST DAY OF YEAR AT ST. PAUL

St. Paul, June 23.—The hottest day of the year struck St. Paul today in the midst of a gripping heat wave, sweeping the middle west.

Shortly after noon the temperature reached 90 degrees, with prospects for still hotter weather this afternoon.

The previous high mark this year was 87. No heat prostrations had been reported to the police up to noon.

Ed—Brainerd had 92 at noon.

Women and Democrats Are N. D. Quandary

(By United Press.)

Fargo, June 23.—Women and democrats are the quandary in the North Dakota primary election, managers of the McCumber campaign declared here today.

"The democrats have no chance to elect a senator anyhow," State Senator Ployer, of Valley City, asserted.

If Ployer and McCumber are nominated by the parties, Ployer would win easily. Senator Ployer is one of the most progressive republicans and nonpartisans agree everywhere with this. There is nothing but optimism in their ranks.

Governor Preus, of Minnesota, out on a three days' campaign in behalf of Senator Porter J. McCumber, is making a speech appealing to the women. In his Jamestown, Valley City and Fargo speeches he pictured North Dakota under the nonpartisan rule as well on the road to Russian communism, and declared socialism destroyed the church, the state and the home. The same appeal was to be made today at Finley, Ineta and Peterberg, and tonight at Grand Forks.

Tomorrow Governor Preus will speak at Minot, Grafton and Hillsboro.

SHERIFF HELD UP BY THREE ARMED MEN

(By United Press.)

Wabash, June 23.—Two men were held in jail here following an encounter with Ed Fitzgerald, Wabash county detective, early today.

Neither of the men have been identified. Both were heavily armed when arrested. Search is being made for the third man.

Late last night Sheriff Fitzgerald went to investigate an automobile reported stolen near here. When he entered the machine, three men accosted him and forced him to return to town. The sheriff summoned help and arrested two of the men.

SEARCHING FOR 3 LUVERNE GIRLS

(By United Press.)

Luverne, June 23.—Luverne police were on their way to Spirit Lake, Ia., in the belief that the three girls missing from Luverne might be in hiding there.

The girls, Sylvia McDowell, 15; Genevieve Irwin, 14, and Effie Miller, 16, were seen in Spirit Lake yesterday, according to reports here.

The girls disappeared from Luverne Monday while out walking.

It's a mighty nice thing for a person to have a birthday, with one's circle of intimate friends showering congratulations and gifts, but when a city celebrates its birthday it is a signal for general rejoicing. Brainerd is to celebrate its fiftieth birthday the first week in July, and the whole state has heard, and is talking about it.

Just think—half a hundred years—and not one serious setback. Of course, there was the time the "cut-off" went to Staples. Some predicted this would be a sad blow to Brainerd, but it jogged along just about the same as before. And then the big lumber mill became a thing of the past, taking with it the street car service. Well, we walked, that's all, and it was good exercise, and made us strong. Not long ago the N. P. hospital was moved away, and we certainly were sorry to lose it. But Brainerd is too big in spirit to allow any temporary loss, however big, hinder its progress.

Marks New Era
The future holds much for our city, and this fiftieth celebration and home coming marks a new era in its life. Everything will date from this momentous time, and years from now we will look back and marvel that our vision was not large enough to glimpse more of the possibilities within the reach of Brainerd.

We all want the town to look its very best on this occasion and great preparations are being made to beautify the streets and provide amusements for our guests during the week. This takes money, of course, but it's a family affair, so we are all going to help with the expenses. One way provided is Tag Day, June 30th and July 1st. On that day eighty young women of the city will offer for sale buttons bearing the words: "I have", meaning the wearer has done his part toward sharing the expense by giving a substantial amount.

Breathe a Welcome
A. J. Halsted, chairman of the reception committee, wishes each person who wears one of these buttons to feel that he or she is a member of the reception committee, and to extend the hand of welcome to our guests. The wearer of the button is not asked to meet any trains, nor to take part in the executive duties of the appointed members of the committee, but a smile and a warm handshake from each one will do wonders toward creating a spirit of hospitality and friendliness.

Brainerd needs the help of every one of her citizens to put this celebration across in the proper manner, so get in line, buy a button, and be a Brainerd Booster!

Hey Skinnay
"Hey Skinnay—Com'on! Big carnival show coming; lets get all the work done so Ma will let us go." Many the boy will be saying this to his little chum during the next week for nothing pleases the youngster more than to be given the opportunity of visiting the show ground and riding on the merry-go-round. Remember when you were a kid how you enjoyed these pleasures? Don't deny the boys of today the same pleasures.

All during the week of the home coming celebration to be held in Brainerd commencing July 3rd there is going to be a big street fair or carnival and the Morris and Castle Shows have been engaged in their entirety to furnish all the amusements. They will bring in the big

(Continued on page six)

 HOUSE OF QUALITY

The First Fifty Years

Ex-service men recall the humorous expression "The first fifty years are the hardest." The older folks of Brainerd think of the hardships of days gone by and agree that the first fifty years were indeed the hardest.

Early in the next fifty years, the younger people will achieve great things and make their fortunes.

Many of them know that saving the first thousand dollars is the hardest and are tackling that job in earnest.

NEW SCARF AND CAPE SETS

Scarf and cape sets are shown in great variety this season. The one pictured here is of most vivid red flannel, applied with white felt, applied with black stitching.

LACE PLAYS IMPORTANT ROLE

Decoration Equally Popular in Black and White for Spring and Summer Dresses.

Lace is playing a very important role in the development of spring and summer evening dresses, black, white and colored laces being equally popular. While color combinations are seen, one-tone effects seem to be more highly approved by the better houses, with perhaps just a touch of color contrast in girdle or belt.

A dinner or evening dress of black satin had a waist with a cape back, and the skirt has an over-drapery consisting of lace panels. These panels with a pattern effect, suggesting long-lace scarfs cut in half, each half forming a panel. If desired, embroidered or accorcion-pleated chiffon might be used effectively instead of these lace panels.

The gown is all black except for the interesting girdle, which consists of cabochons formed of narrow metal and colored silk braids, with streamer ends of the braid falling slightly below the edge of the skirt between each panel. An ornamental girdle may easily be purchased all ready to wear; but the woman with nimble fingers and "ideas" may make a very individual and lovely girdle for herself by using rather large flat wooden button forms, criss-crossing them with metal and colored braid, fastening them together closely and finishing with long braid ends. Several colors may be blended in the girdle with very good effect.

Yellow in various shades is in high favor, the rather vivid dandelion being particularly popular. A gown similar to the one described was recently seen in yellow, the girdle being a wreath of green leaves, and a very dainty evening gown in rose chiffon showed not a single note of contrast, the skirt being trimmed about half way up with flower-like petals of self fabric thickly overlaid.

HATS ARE OF MANY COLORS

Wide Range of Tints Adds to Charm and Variety of Smart Woman's Toilet.

The wide range of tints offered in this season of colors adds to the charm and variety of the smart woman's toilet, but it also necessitates a happy eye for color in choosing the hat to top one's smartest spring costume. This delicate sense of coloring may be called into play to select from an assortment of queer browns and blues, yellows, reds and greens, the tone which will blend to perfection with the suit or frock in question. For many of the tints offered are more or less "queer" variations of the good old-fashioned colors which were their fore-runners. There are delicate blues, ranging from periwinkle through orchid to the palest sky tints; yellow in which one may favor the new dent de lion, or swing one's fancy from the most brilliant of burnt orange to the palest of canary tints.

The spring tendency for fabrics of higher luster has found a staunch ally in the new sport satins which were given a place of prominence at New York's spring fashion show. Immediately after this event, windows on the avenue were a blaze of color, featuring frocks and hats of luster fabrics in the new dent de lion yellow. This new tint is more universally becoming than the paler yellows of former times which had more of green and less of gold in them.

Morning Dresses.

Black sateen and flowered cretonne combine to make smart and practical morning and work dresses. The upper half of the frock may be made of one material and the lower half of the other, or the sateen may be used to fashion the entire dress, with cretonne as the trimming only, usually in the form of cut-out flowers applique here and there on the frock.

BAND CONCERT MUCH ENJOYED

Fine Cool Breezes Played an Accompaniment to Splendid Band Selections

HUNDREDS OF CARS WERE OUT

"Southern Stars" Overture and Southern Melodies an Entrancing Number

The fine evening coming after the rain of the afternoon drew a large crowd to Gregory park on Wednesday evening when the city band gave the weekly band concert. Cool breezes played over the band stand and the crowds gathered to enjoy the concert. Each week of this summer is witnessing an increasing crowd around the band stand. Automobiles are parked in increasing number on the four streets surrounding the park. Automobile horns give evidence of the pleasure of the audience seated in the cars; for at the close of each number these horns are utilized for the purpose of expressing the delight of the audience.

The blasts from the horns and the hand clapping are a tribute to the music offered the assembled crowds, but the best evidence of appreciation is that found in the gathering together of the crowd itself.

The program as offered Wednesday evening by the band under the able direction of Prof. Hugo Pflock was as follows:

Universal Peace, March Blankenburg
Southern Stars Overture and Southern melodies
Mighty Lak' a Rose, Waltz E. Neavin
Don't Be Cross, Song Zeller
(a) Yoa Hoa, Fox trot Al. Jonson
(b) Sheik, Fox trot Ted Snyder
Ol Arcansole, Characteristic Sampe
Cornet solo, "Old Kentucky Home" Maten

Played by Mr. Ansell
Blue and Grey, Patrol Dalbey
Light Out, March McCoy
Star Spangled Banner
This program of 90 minutes was appreciated by the large gathering.

RE-DECORATING Y. M. C. A.

Ingolf Dillan has done a good thing in arranging for the re-decorating of the whole of the first floor of the Y. M. C. A. which will be headquarters during home-coming week. In looking over the rooms which are to be used for this purpose, Mrs. E. O. Webb and Mr. Dillan noticed the condition of the walls of the rooms, and Mr. Dillan did not let the grass grow under his feet but proceeded to make the necessary arrangements for the decoration of the rooms. So that the funds in the hands of the home-coming committee might be conserved and the limited funds of the Y. M. C. A. saved from depletion, Mr. Dillan went ahead to secure the necessary funds by an outside appeal and he now reports that sufficient is assured to complete the work. Interior decorators will begin on the task on Monday morning. Thus the home-coming, by stimulating interest in the city and its buildings, has resulted in a very necessary improvement.

But Only One Is Happy.

The Harrisburg Patriot seems to doubt the truth of a certain old saying. It remarks: "The only two who can live together as cheaply as one are a flea and a dog."—Boston Transcript

GIRLS TRAIN FOR PERFECT MOTHERS

At the graduation exercises of the "Little Mothers" Club of the Hibbard Public School, in Chicago, 90 little mothers in the seventh and eighth grades demonstrated efficiently how one should care for the home, bathe, feed and dress the baby, promote proper sanitation, and apply first aid principles. Diplomas were awarded.

A Walkover.

Among the many amusing stories which Mr. Eugene Corri has at his command is one concerning a prize fight which occurred in America. One of the contestants had been instructed by his father to cable the result as soon as the fight was over. The son duly sent off the following message: "Won easily. Seventy-five rounds."—Tattler (London.)

Queen Disliked Long Sermons.

Visitors to the Savoy chapel, off the Strand, are often asked to look at the "old hour-glass" on the pulpit. It is not "old," for it was not placed there until Queen Victoria restored the chapel in 1867; it is not an "hour-glass," for the sand runs for 18 minutes only. That period is said to have been chosen by the queen as a protest against long sermons.—Christian Science Monitor.

She Was Worth Much to Him.

Following the marriage ceremony the groom called the minister aside and inquired the price of the service. "Well," said the minister, "you may pay me whatever it's worth to you." "So reasonable!" groaned the groom. "This woman inherits a million dollars on her twenty-first birthday."—Call-forma Pelican.

Legal Fiction.

A fiction in law is an assumption made for the purpose of justice though the same fact could not be proved and may be literally untrue, and it is a rule that a fiction of law shall work no wrong. The fictitious character of John Doe and Richard Roe for the purposes of various actions are well known.

Any One of Them.

Any bond is a good bond as long as its market value is above par and the interest on it is paid regularly.

Your Reputation

If you're like most people, sometime you're going to want money badly.

But if you've gained a favorable reputation at this bank, through a steadily growing account, you'll be in position to get accommodation when needed.

Therefore, not only open an account, but make it grow.

LOWER FREIGHT RATES

WHEN the Interstate Commerce Commission recently ordered a general reduction in freight rates, which are to take effect July 1st, the country began to realize that that word normalcy which Mr. Harding has made familiar to the public really means something in this administration.

It used to be the general idea, until Mr. McAdoo showed us how not to run the railroads, that when higher wages for railroad workers or more revenue for the roads themselves was desirable, that all you had to do was to boost passenger fares and freight rates. This seemed to be the easiest way. Nobody worried over the possibility that the public might balk, or that commerce might be hampered and business depressed by repeated increases.

Actual experience since 1917, however, has changed our idea of railroad charges, by demonstrating that high freight rates do not necessarily produce big revenues, and that they have a most distressing effect upon the nation's prosperity. There has been a tremendous pressure for lowered transportation charges of late. The farmers have been particularly insistent on lower freight rates.

Just what the approaching freight rates will mean to the railroads nobody seems to know. The railroad executives, however, apparently expect the revival of business will get them by, as they promptly acquiesced in the reduction ordered.

Such an order could not have been issued a few months ago without throwing the stock market into a panic, and running some risk of forcing some of the weaker roads into the hands of receivers. That this order is possible today without immediate unpleasant results speaks well both for the effort to restore railroad efficiency under private management and for the basic soundness of economic conditions in the United States.

MAINE IS HEARD FROM

At the primary election in the state of Maine on Monday, Senator Frederick Hale and Governor Percival P. Baxter were renominated by the Republicans by an overwhelming vote. The vote cast for Senator Hale was larger than the total of his two opponents.

The contest in Maine was watched closely by many of the shrewdest political observers, it being considered that the outcome would indicate a test of the national administration's strength. Senator Hale, as is well known, is a strong friend of the President, and has been a consistent supporter of the administration in the Senate. His great victory in the primaries on Monday is therefore looked upon by politicians generally as a strong endorsement of the Harding administration.

Senator Kellogg, in Minnesota, also a friend of the President and a strong supporter of the administration, won an easy victory in the state primaries, receiving a very much larger vote than the total combined vote of Lundeen and Titus, his two opponents for the nomination. Senator McCormick, of Illinois, chairman of the Republican Senatorial campaign committee, predicts the re-election of both Senators Hale and Kellogg. He says:

"The expected and overwhelming renomination of Senator Hale and Senator Kellogg points very certainly to their re-election. Whatever the differences or natural ambitions which may produce Republican primary contests the American people in the election of next November are not going to give the Wilson Democracy control of either house of Congress."

STATE AGRICULTURAL TOUR

MANY editors of leading agricultural papers in Minnesota and other states in the Northwest have been invited to be the guests of the Minnesota University's department of agriculture on a tour of inspection which will be made to substations and branch schools between July 15 and 26 inclusive. The regents of the University have accepted the same dates for their official visitation to the outlying stations, and Gov. Preus, as a member of the board, will accompany them on all or a part of the trip. Several members of the faculty and extension staff at University Farm are planning to make the rounds with the official party. The itinerary of the trip covers the central and northern parts of the state pretty thoroughly.

GAME PROTECTIVE LEAGUE CONVENTION

THE Seventh Annual Convention of the Minnesota Game Protective League opened at Walker yesterday for a three days' session. Preceding a session of the State Legislature, in the course of which many important protective measures, relating to the protection, propagation and perpetuation of Minnesota's wild life will be considered, this convention promises to be of special interest.

The associated sportsmen's clubs throughout the state were expected to send large delegations to the convention, realizing that there is much to be done and the legislative program of the Minnesota Game Protective League depends wholly on the action taken at this meeting.

"FORD FOR PRESIDENT"

THE first "Ford for President" club has been organized at Mr. Ford's home town in Michigan. Its members agreed that they did not need a constitution, as they would be held together by the slogan, "We Want Henry Ford." A personality and not principles is to govern the Ford campaign. The people know well where that sort of government leads them.

THE Northern Pacific railway, it is announced, is purchasing freight equipment costing approximately \$3,250,000, to increase existing facilities and prepare for adequate handling of increased traffic as business continues to improve.

IN EVENING WEAR

Draped Crepes, Taffetas, Chiffons, Organdies, Available.

Colorful Gowns the Last Word in Summer Attire for Formal Affairs, Writer Says.

There are all sorts of manner in which the evening dress can be designed this season. As it is true of the top coat so it is of the evening dress—every personality can find its expression without so much as trying declares a fashion writer in the New York Times. There are the plain, draped crepes that suit certain figures and there are the bouffant taffetas which are designed to grace those figures which are more girlish and a trifle more slim and straight. There are the organdies, too, which make the nicest sort of evening clothes when they are properly gotten together, and, in fact, it is a season for the person who loves to look graceful and filmy and charming in the clothes which she selects to wear for parties and dances and evening affairs in general.

There is one point that is particularly noticeable about the evening clothes of the summer—that is that they are colorful. They may be anything else in the world but, first of all, they are brilliant in color. And it is surprising to see women and girls who, heretofore, supposed and stated emphatically that they could wear nothing but sombre colors and furthermore that they considered these the only good taste, wearing colors so

Directoire Draped Skirt in Black Satin and Turquoise Blue Net.

bright that they would have shocked them in former years.

Taffetas are the materials which, above all others, seem to be in the height of fashion. And some of these silks are so soft in texture that they look almost like crepes. However, certain it is that they have charm which

is particularly adaptable to certain purposes. They are good for the younger woman and the thin woman and the woman who is wanting to make her evening dresses as simple as possible. They are, in fact, the real representation of the modern expression of the woman who, in spirit, is always young.

The chiffon dresses are particularly good for evening. They are soft and full and graceful and, above all, they are graceful. They have that filmy quality that is expressly summery in its expression and becoming to the average woman to a very great extent.

The draped dresses are the things for the elder women, certainly, although they, in certain elements, suit the younger woman most admirably. They are still the best things upon the market in the way of evening clothes, for they suit the dinner as well as the dance and, in fact, there is no evening occasion at which they cannot shine.

CHINTZ OR DRAPERY STYLES

Wash Goods Counter Affords Materials That May Be Combined With Expensive Fabrics.

Patterns and colors of the nature of chintz are steadily gaining in favor everywhere and will finish the season as a summer novelty. Manufacturers of ready-to-wear are giving them representation in summer offerings for garden and for outing wear with fair success, says Dry Goods Economist. But in a larger way, young women, especially those who aim to be distinctive in dress, buy chintz or drapery styles at the wash goods counter and combine them with such expensive fabrics as silks, velvets and metal fancies, which gives their dressmakers ample scope for the building up of dresses above the commonplace.

Dainty Frock.

A dainty frock combining unbleached muslin and cretonne had the upper half of the frock made of the plain fabric, with lower half of skirt of the cretonne, a smart sash of the flowered material holding the waist in and being tied in a flaring bow at the back. Collar and cuffs matched the skirt and sash.

Man Really Dependable.

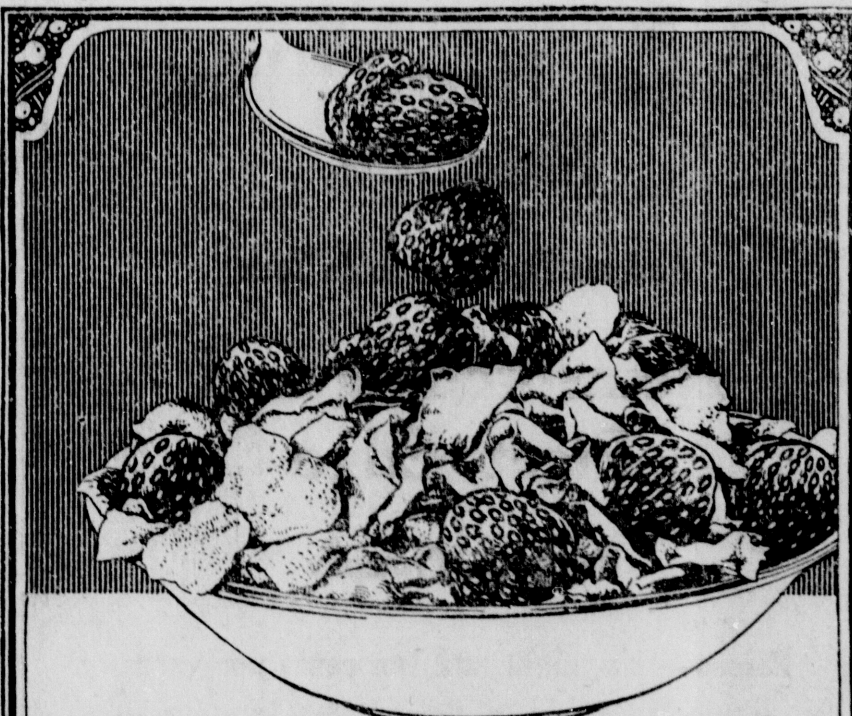

People who are all about and not mentally dependable, who have no fixity of purpose, and are not reliable are not the men we turn to in emergencies. It is the self-confident man, the man who feels sure of himself, the man who is sure of his philosophy and of his principles, the man of great faith, on whom we depend in supreme crises, when others are given to the wall.—Exchange.

Cricket.

The earliest mention of the game of cricket is in the writing of one John Derrick, who in 1593 wrote that "he and his fellows did runne and play at cricket." But in the Bodleian library at Oxford there is an old picture of a monk bowling a ball to another monk, who is about to strike it, and the date of that is 200 years earlier.

The Change.

"He was an awfully kind boss," said the former stenographer, "so considerate, so thoughtful, so manly and generous. And then, heaven forgive me, married him!"

Simply delicious!

Kellogg's Corn Flakes with strawberries

Such a feast for a warm morning's breakfast—Kellogg's Corn Flakes and strawberries and a big pitcher of cold milk or cream—why, it's a revelation as an appetizer and so satisfying! Just as wonderful for lunch or for between-times nibbles!

And, best of all—Kellogg's Corn Flakes and fruit are exactly the food you should eat for warm weather! You'll feel so much cheerier, so free from drowsiness and headaches if you'll keep away from the heavy foods this summer!

Let the children eat all they want! For, Kellogg's digest easily and rest the stomach and supply nourishment!

Help You Choose Tires

500 miles at 94.48 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick pavement at record-breaking speed—that is the gruelling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,525 miles on rutted, icy Kansas roads, running day and night on a Studebaker stock car without a single tire change. This test was made by a group of Wichita automotive dealers in a tire, oil and gasoline economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the gruelling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

TIRES

ED. L. ANDERSON WINS BIG TROPHY

Captures Sportsmen's Protective League Silver Cup at the Shoot Held in Walker

WON BY GOWARD LAST YEAR

Four Brainerd Sportsmen at Convention, Paine, Broschinski, Anderson, Trent, Sr.

George Trent Sr. returned from Walker Friday afternoon and reports that the annual convention of the Minnesota State Game and Fish Protective Association had brought a large crowd of people to Walker where the meet is now in session.

The shoot was held Thursday and the other sports including casting, etc. will be continued through Friday.

In the trap shooting events, Ed J. Anderson, an employee of the Northern Pacific shops, won the State Sportsman's Protective League trophy which was donated last year to the league by the Crow Wing County Game and Fish Protective League. This is a large, beautiful cup and local sportsmen are very much pleased that it has been brought to Brainerd for one year. This trophy was won last year by E. J. Goward of Aitkin.

In the professional shoot, George Trent Sr. won the high professional average with 147 out of 150.

There were four representatives from Brainerd in the events of yesterday: Harry Paine, John Broschinski, Ed J. Anderson and George Trent, Sr.

Sure of Finding Fire.

When Alphonse Dindon, French murderer, was on his way to the guillotine with an unlit cigarette in his lips, one of the attendants asked him if he would like a match. "No, thank you!" was the bland answer. "I'll light it when I get there!"

Half City, Half Desert.

On the Gulf of Aden is a spot of barren sand where a city springs up every winter and almost disappears in the summer. This place is called Berbera. A market is held there every winter and during the height of trading it becomes a city of rude huts and tents with a population of over 20,000. During the summer the place is deserted.

Yes, Yes; Go On!

The art of the invisibilists is an ultradimensional temporal-spatial art, appealing not to separate sense organs but to the residue of differentiated sensitivity, that is to say, their art is synaesthetic.—New York Times.

NORTHWEST NEWS

(By United Press)

University Experts

Owatonna, June 23.—The second tour of the University of Minnesota experts who are studying the cost of producing livestock and various farm crops began on the farms near here today. The first tour was held on farms near Windown, June 16.

In Hard Legal Fight

Fargo, June 23.—Although H. D. Mitchell indicted as promoter of an alleged fake oil company in the Lake region of North Dakota will eventually have to be tried in federal court in the state, legal technicalities may save him from being prosecuted at the coming term of U. S. district court in Devils Lake, opening July 5.

Mitchell has made a hard legal fight against being returned to this state. He sought a writ of habeas corpus which was denied. He appealed to the circuit court but that body sitting in St. Paul affirmed the denial, May 3. According to circuit court rules the remittitur is stayed in the court 60 days which terminate July 3.

If arrangements can be made to get Mitchell here after July 3 before the Devils Lake term expires, he will answer charges of using the mails to defraud in promoting the Lake Region Oil company in which stockholders declare they were defrauded out of about \$40,000.

Chapman Coming to Brainerd

Moorhead, June 23.—Poultry raisers gathered here today to hear N. E. Chapman, of the University farm school tell them how to take better care of their birds.

Similar schools were held this week at Willmar, Thief River Falls, and Glenwood.

Mr. Chapman will be at Brainerd Monday and Virginia the following day.

Jail Sentences Asked

Moorhead, June 23.—Jail sentences were asked by the Automobile club for persons running cars while intoxicated. The police magistrate is asked to deal sternly with such offenders.

Raisin Muffins.

To two well-beaten eggs add two tablespoons of sugar, two tablespoons of butter, melted, one cup each of white flour and whole wheat flour sifted with two rounding teaspoons of baking powder and one-half teaspoon of salt and one cup of milk. Beat well and stir in one cup of seeded raisins floured. Bake in greased gem pans in a hot oven twenty-five minutes.

ROTARIANS TAKE UP BOYS' WORK

At today's meeting of the Rotary club the program was devoted to Boys' Work. The effort at present is directed in getting men deeply interested and desirous of assuming a firm leadership in such work.

"Where are the men to lead today, Sparing an hour or two, Teaching the lads the game to play, Just as a man should do? Village and slums are calling, 'Come,' Here are the boys, indeed; Who can tell what they may become, If only the men will lead?"

—ANONYMOUS

First Duty of the Poet.

Poets do not write for poets alone, but for men. Unless, therefore, we are advocates for that admiration which subsists upon ignorance, and that pleasure which arises from hearing what we do not understand, the poet must descend from his supposed height; and, in order to excite national sympathy, he must express himself as other men express themselves.

—Wordsworth.

Volta Father of Battery.

Alessandro Volta, an Italian inventor, is the father of the electric battery, his name being honored in the naming of the unit of electric energy the volt.

JUST LIKE A MAN

"My husband suffered for several years with stomach trouble. He often had colic attacks that put him to bed. But a man can't stand the pains that a woman can. He thought he was going to die and the doctors didn't seem to help him any. Like a drowning man grasping for a straw he tried Mayr's Wonderful Remedy, which a nurse told us about, and now he is entirely well and eats anything." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and leading druggists.—Adv.

Pinks All the Year.

The ginkgo or maiden-hair tree has bright yellow foliage that is most useful in ornamental plantings, says the American Forestry Magazine. Not only is the color a clear pure yellow, but the peculiar shape of the leaf gives a texture to the tree that is quite different from others. The leaves are shaped much like the pinnae, that is, the smallest divisions of the frond of the maiden-hair fern, very much enlarged. The tree is attractive at all seasons.

Exterminate the House Fly.

Among the 180 different kinds of bacteria and other organisms taken from the bodies of house flies by different investigators are infantile diarrhoea, typhoid fever, anthrax, food poisoning, amoebic dysentery, abscesses, leprosy, tapeworms, hookworms, bubonic plague, conjunctivitis, summer complaint, tuberculosis, enteritis, trachoma, erysipelas, gas gangrene, stomach worms, pinworms and ophthalmia.

The Complacent Hostess.

At the Gardens, on Sunday afternoon, Mrs. Garden, vivacious, supple, with a sort of frosty, golden beauty, guiltless of make-up, but essentially artificial, was being everything to all men, and much to some women. —"From Latchkey Ladies," by Mr. Grant.

RADIO MUSIC FOR BUS PASSENGERS

WHITE BUS EQUIPPED WITH WIRELESS

Bus lines in California will soon be serving you music with your rides.

Should tests which the California

Transit Company, of Oakland, Cal., started this week prove successful many of the eighty-five White buses operated by this line will be

equipped with radio phones to pick up daily radio concerts in the bay region.

W. E. Travis, president of the California Transit Company, sent the first radio equipped bus out on its regular run to Sacramento and in spite of the obstacles which confronted the test enough information was obtained to warrant further experiments and to assure Mr. Travis that radio concerts would soon be a reality for his patrons.

With only a two step radio short-wave receiving outfit and handicapped by the necessity of operating with a low antenna, the bus was able to pick up San Francisco and Oakland concerts as far as Martinez.

At Sacramento a test was made by special arrangement with the Holbrecht broadcasting station. It was found that by a sacrifice of speed the concert was as audible when the bus was in motion as when it was standing at the curb.

According to officials of the bus company and radio men interested in the tests from a scientific angle, some refinements will be made, and experiments continued until desired results at varying speeds are obtained.

Editor's Note—What is new for California is an established fact in the bus line operating between St. Cloud and Minneapolis. Radio is now in operation and music is served with your ride. The bus line may soon be extended to Brainerd.

MASSACRES OF STRIKE BREAKERS INVESTIGATED

Continued from page one

authorities are unable to do their duty," the attorney general said.

The appropriations fund for such investigations was vetoed by Governor Small, and Williamson county will be unable to get help, as no other department of the state government can participate in such work.

The attorney general is here in connection with the prosecution of Governor Len Small on charges of conspiracy to defraud the state.

1,000 Troops Mobilized

Chicago, June 23.—One thousand troops were mobilized here today on orders of Governor Len Small, to be held in readiness to move into the Williamson county coal mine district in case of further rioting.

Legal Action Against Coal Strike

Indianapolis, June 23.—Mine owners today prepared their first legal action toward ending the coal strike today.

An injunction to restrain officials of the 650,000 striking miners of the United Mine Workers from interfering through violence with operation of mines, will be filed in federal court here late today or tomorrow, on behalf of the operators.

OLDEST AT WESLEYAN UNIVERSITY REUNION

Former Senator Cornelius Cole, whose 100 years make him Wesleyan University's oldest alumnus. He arrived in Middletown, Conn., from the West looking for excitement. This spry young college lad made the trip from California accompanied by his grandson and said he felt fine after the trip. He was born at Lodi, N. Y., when Monroe was president, and was graduated from Wesleyan in 1847. Senator Cole was active in the passage of anti-slavery legislation and recalls frequent conferences with President Lincoln in Civil war days.

Suggests Days of 1700.

Together with the short coats, the long Eighteenth century coat or redingote is coming into favor in London. Worn over the fuller and longer skirt, the redingote is a graceful garment. It is particularly good fashion for the elder woman, especially if she happens to be plump. A gay waistcoat, a long waistline and much ornamented sleeves and collar are features of this fashion, which is strongly reminiscent of the romantic days of the 1700's.

Vivid-Hued Costumes.

Parasols, hats and work bags of cretonne to match the vivid-hued summer costumes are smart and certainly not expensive to make.

Distinction Few Would Covet.

The distinction of being the only woman to be married in a blazing church probably belongs to a recent bride in England. When the bridal party arrived at the church they found the building ablaze and a small army of firemen deluging the flames with water. Nothing daunted, the prospective bride declared that, fire or no fire, she would not leave the church unwed, and to the accompaniment of flying sparks and clouds of smoke the marriage ceremony was performed.

Aunt Mandy's Code.

In Georgia they tell of the old black cook who was horrified to discover that one of the younger negroes, a helper in the kitchen, had been caught stealing. "Now," said Aunt Mandy, "I don't believe in stealin'. I never takes nothin' 'cept it's something to eat, or somethin' to wear, or somethin' what I think de missus don't want, or somethin' de boss is got too blind to miss!"—Harper's Magazine.

Seek to Bribe Ghosts.

A firm belief in ghosts prevails among the inhabitants of Central Africa. If a native believes that he is possessed of a ghost he goes to his local medicine man and asks him to expel it. One method the medicine man has of doing this is to prepare a meal, hoping that the food will tempt the ghost to leave the body of the man.

Liquid Air Explosive.

When liquid air, containing from 40 to 50 per cent of oxygen, is mixed with powdered charcoal it forms an explosive which is said to be comparable in power to dynamite, and can be exploded by means of a detonator. This explosive has been tested in coal mines. The liquid air evaporates so rapidly that the explosive cannot be stored, but must be used within a few minutes after it is prepared.

WHOLE STATE IS TALKING ABOUT CITY'S BIRTHDAY

(Continued from page 1)

Ferris wheel, The Whip, the Sea-planes and oh boy; The merry-go-round and 15 other modes of amusements which you just can't help looking into.

All these shows are of a clean nature and have the endorsement of such clubs as the Lions, the Rotarians, the Kiwanians, letters of recommendations from city and county officials in each town in which they have exhibited at different times. No "hangers on" nor undesirables are permitted to associate themselves with the attractions and everything is conducted under personal supervision of Mr. Morris and Mr. Castle who are ever present to see that fair treatment is accorded the patrons.

The Midway will be open from 10 a. m. until midnight each night during the week and we want to see you all there and having a rousing time.

New Proof of Paige Speed Power Endurance

Paige 6-66 Daytona Model Travels 10 Miles at Rate of 93.2 Miles Per Hour

The Paige 6-66 Daytona Model is the holder of all world's stock chassis speedway records from 5 to 100 miles. But now this record-breaking car has further demonstrated its ability.

Piloted by Earl Cooper, the Paige, in an unofficial exhibition run against time, covered 10 miles in 6 minutes and 26 1/5 seconds at the San Carlos, California track, on Sunday April 16th. It thus travelled at the terrific

speed of 93 1/5 miles per hour for the ten miles.

The official record for the distance, held by this same stock chassis is 6:31:48, or 91 1/10 miles per hour. It was made at the Uniontown Speedway a year ago.

Thus, once again, the Paige in the most spectacular manner has demonstrated its power and endurance.

The Paige 6-66 is the Master of the Highway.

ELKS BIG PICNIC ON RANGE JUNE 25

Complete Preparations Made for Annual Picnic and Flag Day Observance of Brainerd Lodge

PROGRAM STARTS AT 10:30 A. M.

Cuyuna Range Band Plays, "Tribute to Flag" by E. P. Scallon, Fire-Works Program

It's to be a grand and glorious day on Sunday, June 25, when Brainerd Lodge of Elks, No. 615, puts on its annual picnic and in connection observes Flag Day. The scene of the dual program will be on the north shore of Serpent lake near Crosby.

As usual there will be hundreds of Elks, their families and invited friends present at the festivities. "Rocky Point" last year recorded an attendance of over a thousand, and this year's picnic on the range will be no exception when it comes to marking up attendance and having a jolly, good time.

Program in Detail

10:30 a. m.—Band concert by the Cuyuna Range band followed by general reception.

11:30 a. m.—Elks quartet, S. F. Alderman, Roland Jenkins, John M. Bye and A. C. Mraz.

12 Noon. Picnic lunch by those who have brought their baskets. Hotels and restaurants of Crosby, Iron-ton and Deerwood in position to furnish meals promptly. Light lunches, coffee and soft drinks served on the picnic grounds.

1:30 p. m. Flag Day ceremonies by officers of the lodge and members. "Tribute to the Flag" by E. P. Scallon.

Flag Day Program

"The Star Spangled Banner"—Crosby band.

Introductory Exercises—Exalted Ruler and officers.

Prayer—Chaplain J. T. Sanborn.

Song, "Columbia the Gem of the Ocean"—Officers and members.

History of the Flag—Walter F. Wieland.

Altar service—Esquire and officers.

Song, "Auld Lang Syne"—Officers and members.

"Maryland", "My Old Kentucky Home" and "Dixie"—Crosby band.

Tribute to the Flag—E. P. Scallon.

Song, "America"—Lodge and audience.

Sports, Etc.

2:30 p. m.—Elks quartet.

2:45 p. m. Men's foot race, first prize \$2, second \$1. Girls' foot race, first prize \$2, second \$1.

3:20 p. m.—Ladies' ball driving contest, first prize \$2, second \$1.

3:45 p. m.—Tug of war between Range Elks wives and Brainerd Elks wives. Prize \$10.

4 p. m.—Address by Col. C. D. Johnson. (On rare Col. Johnson).

4:15 p. m.—Grand baseball game between the Range Elks and Brainerd Elks team. Umpires Col. C. D. Johnson and Col. H. W. Nordbick.

Both umpires have been specially trained by Connie Mack and Babe Ruth and carry special glasses to improve their vision. Any high balls thrown will be quickly spotted. The plate has been so placed that it has the greatest visibility. Col. Johnson will wear a mattress pad that his wife has provided and Col. Nordbick has a life preserver from one of the Ingalls motor boats. Each has taken out considerable accident and riot insurance protection. Identification marks have been attached to each so that their families will be able to recognize and claim them after the game. Judge Landis may be at the game so as to gain some new pointers on close decisions.

5 p. m. Band concert. The Cuyuna Range band has solemnly promised not to play the same tune more than twice.

6 p. m.—Lunch in the dining room or on the greensward.

7:30 p. m. More band concert.

8:30 p. m. Grand fireworks under the direct supervision of A. H. Proctor. He has combed the fireworks market with a fine tooth comb and promises a wonderful exhibition and no backfiring up anybody's sleeve. Hoist your umbrella to avoid the shower of sparks.

The Committees

The committees are strung out as follows; and starting at a point near the Spina Hotel, if set man to man, they reach to the back door of the Spalding hotel:

General Committee—Hon. J. P. Anderson, Hon. E. P. Scallon, Hon. A. H. Proctor, Hon. Louis Bauer, Hon. George Ridley, Hon. Theodore Johnson. It was previously decided by unanimous vote that the general committee have "Hon." prefixed.

Marshal of the Day: Hon. C. F. Middleton.

Music: Leo Dennis, Henry Phellin.

Decorating Committee: Robert

Marsh, Bruno Almqvist, Harry Koop, H. J. Linnemann, C. L. Benedict. Color scheme, red, white and blue.

Parking Committee, Automobiles, Motorcycles, Bicycles, Wagons, Sulkies, Baby Carriages, Et Cetera, Et Cetera: Leonard Hoffman, R. P. Huard, Nels Garden.

Baseball Committee: H. P. Caldwell, George Ridley, P. McGarry.

Sports: A. H. Proctor, E. R. Burns, Ben Frodl.

Concessions: Louis Bauer, Albert Burud and M. E. Murphy.

Life Saving Committee: Wm. Doell, Leslie Coleman, Harold Bratvold, R. J. Mayheu, Harold Sparks, James Branley, Stanley Jorgenson, H. W. Nordbick.

Fireworks: A. H. Proctor.

Publicity: Theodore Johnson, Robert Marsh and Verner Onstrom.

Buses for Picnic

The Cuyuna Range Transportation company today informed the Dispatch they will have two buses in service to take Elks and families to the picnic grounds.

control not by legislation but by the gradual growth of the movement which had its birth with a few weavers at Rochdale, England, but has grown until its expression is found in all parts of the earth.

This movement is not socialism, it is not a joint stock corporation. It is a number of people who get together and organize a store which will be operated for their mutual advantage.

The speaker said much about the practical workings of the movement, about the dangers which threaten because of the frailties of human nature, and the need for such sympathy in the movement as will afford a sense of protection and security to those who may need help.

The manager of the store, C. W. Maland spoke briefly but clearly about some of the facts of interest to the assembled stockholders.

There was an open discussion of some of the recommendations and suggestions offered from the floor.

The meeting gave a standing vote of thanks to Mr. Errington for his talk and on motion presented him with a box of choice cigars.

REAL PRINCE ACTS

Vitagraph Erects Hindu Village and Imports Natives for the At-mos-phere

Little touches of atmosphere, showing the peculiarities of the Hindu, lend charm to "A Gaily Conscience," which will be shown at New Park Sunday only.

The Hindu salute is shown on several occasions and varies from any other in many respects. A snake charmer at work, potters, silversmiths and water carriers plying their trades on the street corners are other touches that give educational, as well as entertainment value to the production. The caste, which has been termed the curse of India, is also shown in the picture by those of higher caste refusing to come in contact with a person of lower degree. This fact caused some trouble in making the picture as it was difficult to assign the Hindus dressing rooms. Every time Director David Smith would make up a list of the men, or women, as the case might be, to use a certain dressing room, he would find himself besieged on all sides by members of various castes who found it impossible to dress with one of lower degree. Two interpreters were kept busy making the wants of these natives of India known to Director David Smith.

Among the players was a native prince, who expects one day to become a Rajah. This man was treated with great deference by the Hindus, who insisted that he be given a room to himself, and was treated with greater respect and homage than the star.

NOTICE

Electric meters have been read monthly for many years. Beginning with July 1st, 1922, water meters will be read monthly and at same time when electric meters are read. This will not result in differences in quantities of water used or sums paid or inconvenience to patrons, but will produce a more uniform revenue per month for the water department, will lessen delinquencies, and will help in the clerical records of the office. Meters in residence districts will be read between the 1st and 10th of every month; consumers will become delinquent if bill is not paid before the 2nd of the month following the one in which the reading is taken.

WATER & LIGHT BOARD

THOMAS E. SMITH ANSWERS LAST CALL

Member G. A. R. and Resident of Brainerd Over 40 Years, Died at Soldiers Home

WAS A MASON OF BRAINERD

In Earlier Years Employed as a Dry-gods Clerk in Koop and Campbell & Smith Stores

Thomas E. Smith, an aged resident of Brainerd, died at the Soldiers' home near Minneapolis at 8:30 o'clock Friday morning, June 23.

Mr. Smith had resided in Brainerd for 40 years or more. He was a member of the Grand Army of the Republic, having been with the 26th New York cavalry. For years he has been a member of the Masonic lodge in Brainerd. He was known for long service on election boards in Brainerd.

The cause of the death of the deceased was apoplexy. The remains will be brought from Minneapolis to the Whitney undertaking rooms on Saturday. Funeral arrangements have not yet been made and announcement of these will be given later.

The deceased leaves to mourn his passing, his widow and two sons, Herbert E. of Pittsburg and Frank E. of Montana; also two daughters, Mrs. E. F. Berrisford of Saskatchewan, Canada; and Mrs. Allen Goodman, of Montpelier, Idaho. He had two brothers at Bald Eagle Lake, namely Charles E. and George C.

The deceased was well known in Brainerd and was employed in his earlier years as a drygoods clerk by Mrs. L. M. Koop and at the Campbell and Smith's store. He had resided at 703 Oak street, the family recently removing to 403 Thirteenth street.

The sympathy of the community is extended to Mrs. Smith during this time of sorrow over the passing of her husband.

Hanski-Vielitz

Martha, Vielitz and John H. Hanski were married at the home of the bride, on June 20th, Rev. A. C. Smith officiating.

The bride is the daughter of Mr. and Mrs. Oscar Vielitz, and is well known in Brainerd. The bridegroom is a foreman at the N. P. shops.

After the wedding a fine dinner was served, after which they left for Washington, where they will spend a short honeymoon. They will return to Brainerd, their future home.

The bride was dressed in white satin trimmed with beads. Miss Alma Hanski was bridesmaid, and Ernest Debler best man.

Their many friends extend their wishes for a happy life.

Evangelical Aid

The Ladies Aid society of the German Bethlehem Evangelical church will be held on Sunday afternoon at the home of Otto Wendt at South Long Lake. Everybody welcome.

Drama League

Mrs. Geo. D. LaBar and Mrs. F. A. Farrar are entertaining the Drama League this afternoon at their cottage on Hubert lake.

Listening to Aurora.

A northern traveler says that Labrador presents unusual facilities for the observation of the aurora borealis. This person says he sometimes heard the aurora borealis when it was making a rapid movement and the sound was that of a faint, crisp rustling.

YOU CAN COME BACK

If you are suffering from some disease due to nerve pressure we make the following statement as a positive fact. A competent Chiropractor will relieve the pressure, the Vital force will flow uninterruptedly to the organs which have been starved for lack of it and Health will be the result. You will come back so assuredly that you and yours will be surprised. This is why you should try Chiropractic.

OPEN AIR SERVICE

To be Held Sunday Evening on the Shores of Lake Hubert Near Hubert Station

There will be an out door service Sunday evening on the shores of Lake Hubert near Hubert station. The service will be held at 7 o'clock. Rev. E. A. Cooke will preach the sermon. There will be no evening service at the Methodist church and the entire congregation is expected to be at the lake service. Cars will leave the church at six o'clock. It is hoped that every one who has an auto will load it to capacity with family or friends and contribute to making this service a success.

A service of this kind was held at Bay Lake last Sunday night when about 125 people assembled on the lake shore in front of Mr. Rutger's cottages for divine service. All spoke very highly of the service and hoped the plan would be continued through the summer.

AMUSEMENTS

At the Lyceum

In presenting John Gilbert as a new star William Fox feels that he is "betting on a sure thing;" that he is offering to theatre-goers one who, having already gained popularity as a leading man, is bound to place his name and fame high in the list of America's distinguished actors on the screen.

John Gilbert, young and ambitious, "trained to the minute," possessing a fine stage presence and a keen sense of dramatic values, is destined, his friends and his producer believe, to be a real acquisition to the ranks of film stars. Rising steadily in his profession, his culminating achievement on his way to stardom was his dual role in the big William Fox special production "Shame." His work in this made convincingly plain his fine artistic sense and dramatic power—and stardom opened its door—his first picture being "Gleam o' Dawn," from the novel by Arthur Goodrich, author of the play "Yes or No." It will open at the Lyceum theatre tonight.

Marriage Problem Presented in Film

The subject of marriage and its proper balance has been presented so many times on the screen that it's worth while to note the coming of a new angle to the old topic in the shadow play. "Dr. Jim," a Universal special attraction, comes to the Lyceum theatre Saturday, starring Frank Mayo.

In "Dr. Jim," which is an original story by Stuart Paton, a Universal director, the wife is a society butterfly—but not because of her instinct. She's oblivious to the serious realities of life because she feels neglected and alone. She fancies her husband no longer cares for her because he devotes more time to hospitals and operating rooms than to her. A story of a powerfully dramatic nature depicts the unfoldment of a womanly charm of character that is hidden deeply within her.

Race Track Story Always Fascinating

Racing has been called the sport of kings, and it may be said, the king of sports, for the love of horse flesh seems to be universal. A good horse race has always been one of the most fascinating events possible to imagine and it is demonstrated in "Chain

A Ben Wilson Special—Chain Lightning—ANN LITTLE

Lightning," the feature picture which comes to the New Park tonight and Saturday, that horse racing on the screen is just as thrilling, just as exciting and just as sensational as it is on the track.

In this super-picture the heroine, Peggy Pomeroy, a daughter of the old South, charmingly played by Ann Little, arrives home from college to find that her father has ventured all his worldly possessions on the horse. Chain Lightning, with the hope of winning enough money to retrieve his fallen fortunes. This is all right as far as it goes, for Chain Lightning is known as one of the fastest horses in the South, but when she finds that he is to be ridden by Red Rollins, it places a very different aspect on the situation, for Red, be it known, is an unsuccessful suitor for the fair Peggy's hand, and he tells her, in no uncertain terms, that if she refuses to marry him he will throw the race. Peggy, being in love with another man,

determines that she will not pay the price necessary for victory. She resolves, however, to bring Chain Lightning in ahead of the field. How she does this makes one of the most interesting stories seen on the screen in many a day, but it would be unfair for the reader to have his plot spoiled for him by divulging it here.

Abnormality in Mankind.

Regardless of whether "genius is to madness close allied," eccentricities no doubt could be found in all great men. But if the truth were known would not something just a trifle abnormal be discovered in everybody? Is it not too much to expect that the brain should always be well balanced under the terrific strain to which modern conditions of life subject it? What a dull place the world would be if everybody always did the conventional thing!—Exchange.

CATARRH OF THE STOMACH

YOU CAN'T ENJOY LIFE with a sore, sour, bloated stomach. Food does not nourish. Instead it is a source of misery, causing pains, belching, dizziness and headaches.

- 1. The person with a bad stomach should be satisfied with nothing less than permanent, lasting relief.
- 2. The right remedy will act upon the linings of the stomach, enrich the blood, aid in casting out the catarrhal poisons and strengthen every bodily function.
- 3. The large number of people who have successfully used Dr. Hartman's famous medicine, recommended for all catarrhal conditions, offer the strongest possible endorsement for

A LITTLE TOO FAST FOR THE CAMERA

"Miss Peggy," the Milwaukee-made speed boat that made a new record at the races held in that city on June 15. She made 46 miles per hour, the former record being beaten by three miles for this class. Insert, from left to right, R. G. Newmann, mechanic, F. Schram, owner and H. Wagner, builder, who manned "Miss Peggy" on her record breaking trip.

Cave Man Stuff

BACK near the beginning of things, our prehistoric forebears would have perished from the earth if they had not understood the science of reading advertising.

The cavemen didn't know much about underwear, hair tonic or phonographs, but they did have to eat. The one who would follow the tracks of the game he hunted, or read the meaning of a twisted leaf or broken twig, was best off in life.

Then as now, the most consistent reader of advertising was best dressed, best fed and most contented.

There has been something of an evolution in advertising in the last few thousand years, but the principle is just the same. The consistent reader of the advertisements is invariably best informed on what to eat and where to get it; what to wear and how much to pay for it; what to do and how to do it. He's up on the most important things in life. Consequently he gets most from life. Throughout the ages, advertising has done much to make life livable and pleasant. We owe it much.

Let's Make the Most of It
